

What are you going to be, now you've grown up?

Sooner or later, we all face a critical career fork-in-the-road:

- STAY PUT and settle for doing more of the same
- STEP UP to an organizational leadership position and let go of what you've been doing
- STEP OUT to a new track, maybe even starting your own business

Whichever route you're thinking of taking, the magic happens when you align your PURPOSE, STRENGTHS and OPPORTUNITY.

And, because those closest to you – boss, colleagues, peers – aren't always able (or willing) to help you work through what's best for you, it's essential that you develop your INFLUENCE, RESILIENCE and CONFIDENCE to make powerful choices.

I'd love to hear how things are going for you – want to grab a quick mid-career coffee break? ☕
